Dear Miss Lilian Mok,

Thank you for contacting the Green Lantau Association (GLA) in regard to the Panel on Environmental Affairs Special Meeting on 6th January 2015. We are unable to send representatives to discuss the "Expansion of Hong Kong International Airport into a Three-Runway System and its related impacts on the environment".

Our basic position on this issue is that we do not wish to comment on details of a project we object to or an EIA the content of which we disapprove of. Grateful if you could share this with participants in the meeting.

Please note that I retired from the GLA Executive Committee earlier this year. In future you can send correspondence to current committee members Bob Bunker at [REDACTED] and Christian Masset at [REDACTED]. The GLA postal address has moved from Tai O to Mui Wo and is now Post Office Box [REDACTED], Lantau Island. We also have a new website at [www.greenlantau.org](http://www.greenlantau.org).

Best regards  
Fabian Pedrazzini  
GLA
