Dear Ms Wong,

Extension of the Cleaner Production Partnership Programme

Thank you for your letter dated 19 January. Being the representative of CGCC in the Project Management Committee of CP3 since 2009, I am delighted to learn that the Programme will be extended for a further five years. Since the inception of CP3 in 2008, industrial sector and has increased its awareness and adoption of more environmental friendly production process. CGCC welcomes the proposed framework for the extension of the Programme and continual promotion should be able to further strengthen industrial participation.

May I take this opportunity to wish the Programme a further success.

Yours sincerely,

Alfred Lee
