Dear Ms. LAU,

Thank you for your letter of 1 June 2015 enclosing the Hon. Frankie YICK's letter of 27 May 2015 to the Chairman of the Legislative Council Panel on Transport ("the Panel") regarding the Public Transport Strategy Study ("PTSS").

We consulted the Panel on the major topics under the Role and Positioning Review ("RPR") of the PTSS in November 2014. Details can be found in paragraphs 11 to 12 of Paper No. CB(1)238/14-15(06). Details of the study under the RPR will be considered by the consultant. In determining the direction of the consultancy study, the consultant will take into account the views of the public transport trades, including views expressed by Panel Members and those collected during various deputation sessions arranged by the Panel.

We understand that the RPR concerns the long-term development of various public transport services and touches on how the availability of multi-modal choices and delicate balance of the operating environment can be maintained. In the course of the study, the consultant will canvass views from stakeholders through various channels. We will report progress to the Panel from time to time.

Yours sincerely,
[signed]
