

Panel on Commerce and Industry

List of outstanding items for discussion
(position as at 13 April 2016)

Timing
for discussion
proposed by the
Administration

1. New initiatives for promotion of innovation and technology

The Administration will brief the Panel on a series of new initiatives to promote innovation and technology, including the launch of a \$2 billion Midstream Research Programme for Universities, introduction of a pilot Technology Voucher Programme, enhancing the R&D Cash Rebate Scheme and the Internship Programme, as well as expanding the Public Sector Trial Scheme. The Panel's support is sought for the funding proposal relating to the Midstream Research Programme for Universities which will be submitted to the Finance Committee for approval afterwards.

May 2016

2. Progress on the implementation of the revised Industrial Estate Programme

The Administration will brief members on the development plan and financing arrangements of the specialized multi-storey industrial buildings under the revised Industrial Estate Programme.

May 2016

(Remarks: When the Panel was briefed on the revised Industrial Estate Programme at the Panel meeting on 21 April 2015, the Administration undertook to further consult the Panel on the development of pilot specialized multi-storey industrial buildings in Industrial Estates when the Hong Kong Science and Technology Parks Corporation has finished the study on the economic case and relevant financial arrangements.)
