11. Cycling safety and consultancy study on cycling networks and parking facilities in existing new towns	To be confirmed

The Administration commissioned a consultancy study to review the existing cycle track networks in nine existing new towns. The study would identify deficiencies of the existing cycle track networks, propose remedial measures for improvements, and recommend an implementation programme for the proposed improvement works. The Administration plans to brief the Panel of the findings of the consultancy study upon its completion.

At the Panel meetings on 7 November 2011 and 16 October 2012 respectively, members considered that the issue of "cycling safety" should be revisited by the Panel and the Administration should consider formulating a policy to promote the use of bicycles as a means of transport in Hong Kong.
