Subject: Ivory ban public hearing

To: <bc_0y__16@legco.gov.hk>

I would like to register my support for a full and total ban on ivory import and trade in Hong Kong. Furthermore, I do not believe that a compensation scheme is appropriate as it will encourage fake paperwork, last-minute rushes to stockpile prior to enforcement and a perception that the ban is in some ways not "fair". None of these are outcomes that we want, not should they be paid from tax money.
