Dear Sir / Madam,

I am at odd understanding the lack of commitment and initiative regarding the ban of the ivory trade in Hong Kong, while this shows a complete lack of a serious effort to address what is today deemed both cruel, immoral and bad publicity for our city.

I am a very concerned citizen that feels that a decade old debate is still open on addressing the issue once and for all.

I do thank you for your time and effort.

Maamar FERKOUN

a concerned citizen.
