Legislative Council Complex
1 Legislative Council Road
Central, Hong Kong

Dear Committee members

Hong Kong Airlines Supports Promoting Aircraft Leasing Business in Hong Kong

On behalf of Hong Kong Airlines Limited (“HKA”), I am writing to express our support for the initiatives of the Government that promote aircraft leasing business in Hong Kong. Despite lack of direct benefit to local airlines, HKA is of the view that a prosperous aircraft leasing industry in Hong Kong will draw aviation talents to the city from around the globe, further consolidating Hong Kong as one of the largest international aviation hubs in the region. As an airline company proudly based in Hong Kong, we are glad to observe the development of the local aviation industry.

Thank you very much.

Yours faithfully

Ricky Chong
Assistant Director
Corporate Governance & Development
Hong Kong Airlines Limited
