Dear Sir,

**Re: Legislative Proposals for Regulation of Private Healthcare Facilities**

Hong Kong Association of Community Oncologists (HKACO) held her Annual General Meeting on 26 Oct 2017.

HKACO wishes to express support for the Legislative Proposals for Regulation of Private Healthcare Facilities.

HKACO understands that further guideline on chemotherapy will be drafted by the Dept of Health in due course.

HKACO requests participation in drafting of the guideline on chemotherapy.

I enclosed an updated HKACO membership list. I draw your attention that our membership comprises of more than 75% of private oncologists providing chemotherapy service in the community in Hong Kong.

Look forward to your reply.

Yours Sincerely,
