at the meeting on 2 June 2017**

Proposed amendments to the Product Eco-responsibility (Regulated  
Electrical Equipment) Regulation

The Administration is requested to provide for the Subcommittee's consideration its proposed amendments to the Product Eco-responsibility (Regulated Electrical Equipment) Regulation ("the REE Regulation").

Provision of recycling labels by registered suppliers and sellers

2. In drafting its proposed amendments to the REE Regulation, the Administration is requested to take into account the different views and suggestions raised by Subcommittee members on the provision of recycling labels, with a view to better informing the consumer of whether the recycling levy is paid in respect of a REE item before he/she makes the purchase while allowing flexibility on how the recycling label should be provided to the consumer.
