

Say YES! SUPPORT the Hong Kong government's ivory ban
Andrea Richey to: panel_ea

Dear Legco

As a voter and long-term resident of Hong Kong, I write to advise you that I SUPPORT the Hong Kong government's ivory ban and the proposed increase in penalties for wildlife crime especially for the crime of killing elephants for their ivory tusks.

I strongly believe that the Hong Kong government should not pay compensation of any sort to the greedy and ethically corrupt Hong Kong ivory traders for their ivory stocks.

I encourage the government to do the right thing and take measures that will stop this unsustainable and cruel trade.

Thank you!

Kind regards

Andrea
