Dear Sirs,

As a local hong kong citizen, I would like to raise my views regarding the protection of animals for the discussion during your upcoming panel meeting regarding the relevant issues:

Hong Kong is a world class city and it is important for the Hong Kong Government to maintain its good image. I think that to allow Hong Kong traders to engage in cruel animal trading such as ivory and animal fur trading is damaging to our image. As such, I strong support the Hong Kong Government to ban the ivory traders to trade ivory and I strongly oppose the Government to pay damages to them for their stock.

At the same time I **STRONGLY** support the Hong Kong Government's proposal to increase penalties for wildlife crime.

I would highly appreciate the Panel to listen to the Hong Kong citizen's views on the above issues.

Best Regards,

HM Chang
