To whom it may concern:

1. I SUPPORT the Hong Kong government's ivory ban. It is an unhealthy industry with detrimental effects for our world.
2. I SUPPORT the Hong Kong government's proposed increase in penalties for wildlife crime. We need stronger action in order to guarantee the health of our Earth for our future generations
3. I OPPOSE the Hong Kong government paying compensation to the Hong Kong ivory traders for their ivory stocks. They have had ample time. If China is to do it by the end of 2017, I don't see why we can not do the same to end this disgusting trade.
