Aloha,

I am writing to you in strong support of banning the trade of ivory.

As Secretary/Treasurer of Nsefu Wildlife Conservation Foundation I am well aware of the harm done to the last remaining elephant populations by poachers. Poachers are motivated by a strong market for the sale of elephant ivory. Once the market is closed, the motivation disappears. The slaughter of elephants will stop.

I urge you to please ban the ivory trade.

Regards,

Tony Hunstiger
