

Banning Ivory
Natalie Gray to: panel_ea

24/05/2017 07:35

Hello,

I am an American teacher who loves and admires the elephant. These intelligent animals are being wiped out to the point of extinction because of ivory poaching. Hong Kong and China are two of the worst offenders.

I hope you will BAN IVORY forever, as the elephants are wonderful and important keystone species, and we must help them. Please ban ivory for the future of all people on Earth.

Thank you,

Natalie Gray
