

BAN ON IVORY SALES
Orangutan Aid to: panel_ea

Dear Sirs

As a HK Permanent Resident, I wish to express my very strong support for a full ban on all ivory imports and sales in Hong Kong.

In addition I feel that the Government should pursue prosecution for all those engaged in wildlife trafficking and crime with much higher penalties and prison sentences, in order to act as a deterrent for these criminal acts.

Finally I strongly oppose any form of compensation for ivory traders.

I sincerely hope that Hong Kong can join the world in stopping the slaughter of elephants.

Yours sincerely

MARA McCAFFERY
