Dear Sir or Madam:

Please kindly be advised that I am writing today for my support of the Hong Kong's government to ban ivory.

I am in full support of the ivory ban in Hong Kong and also strongly support the government's proposal for increased penalties for wildlife crimes. We must take action to protect the environment and other living creatures.

In addition, I strongly oppose the Hong Kong government paying any compensation to Hong Kong ivory traders for their ivory stock. We must not, in any way, monetarily reward such heinous crimes nor allow it to continue.

Thank you for your attention in this matter.

Best regards,

Pamela Alimurung
