Dear to whom it may concern,

This letter is to express support toward the Hong Kong Ivory Ban. At the moment I am studying at the University of Sydney in Australia, a place where we don't have an everyday interaction with elephants. Furthermore, I stand beside WildAid, WWF-Hong Kong and other Non Governmental Organisations who are operating and supporting the Ivory ban. I hereby declare that I support the Ivory ban and I am responsible for this statement.

Thank you for your time,

Michelle Guraieb
