Dear LEGCO,

Please see attached photos from our year 6 students at Clearwater Bay School. The students have researched and advocated to our school community for the banning of the ivory trade in Hong Kong. Their artwork symbolises the beauty of the African elephant and the importance of saving the species.

We would like to make you aware of the level of passion from our students and how important they believe this issue is.

With kind regards,

Jo Cadman on behalf of Year 6 students  
Clearwater Bay School  
Hong Kong
