Whilst I support the Hong Kong government's ivory ban and their proposed increase in penalties for wildlife crime, I am opposed to paying compensation to the Hong Kong ivory traders for their ivory stocks. This is a trade derived from the cruel and illegal slaughter and poaching of elephants and rhinos.

This is a plea to the Hong Kong Government, on behalf of the elephants and rhinos still left on this planet, before they become extinct in our lifetime. Help save these magnificent animals before it is too late.
