

Saving elephants
Esther Harris to: panel_ea

05/06/2017 12:28

To the Honorable Tanya Chan,

Please protect elephants by banning the import, re-export and possession of pre-Convention ivory for commercial purposes, as well as increased penalties for wildlife crimes. Do not compensate ivory traders. Your action can help save these remarkable animals. This world would not be the same without them. They are remarkable and wonderful. INSPIRING. Sincerely, Esther Harris. Hillsborough, California
