Dear adults,

My name is Luísa and I'm a Portuguese teenager almost doing sixteen. My dream is to be a vet, work in Portugal, move to Australia, work with big cats, elephants rhinos and others in a conservation park in Africa, Asia or South America, come back to Portugal and have a little farm.. Yes I'm full of dreams and I know that if I try my hardest I will achieve them. The only obstacles in my way is the extinction of animals! People don't support that! Many beautiful and essential animals are dying please do what you can to stop that!! The present and future generations' will be extremely grateful to you if you could do that!! I strongly support the Hong Kong Ivory Ban and urge the Hong Kong Legislative Council to refrain from supporting any action that compensates ivory traders!!!

P.s give me good news for the future.
