Dear Sir/Madam,

I support the hk government ivory ban because: It KILLS Elephants and that this is BAD because when the people do illegal poaching, they kill the elephants and just LEAVE THEM THERE That is really bad because they just leave them to rot! I strongly recommend you to ban ivory and that's that!

I May be just a kid but please ban ivory for that is for the worlds good and please hold a speech for the public and tell them to STOP THE IVORY SHIPPING!

Kind Regards
