Please respond to Belinda Duffield

Good evening,

I am writing to tell you that I very much support the HONG KONG IVORY BAN.

I live in Australia and have organised a march for Elephants and Rhinos in the city of Melbourne to raise awareness to the plight of these persecuted animals.

I am passionate about keeping these animals on this earth with us, alive and the demand for ivory needs to stop !

1 elephant dies every 15 minutes because HONG KONG is among a small amount of countries left that are still creating demand for ivory by selling it.

Without demand, these animals may survive.

I urge the Hong Kong Legislative Council to refrain from supporting any action that compensates ivory traders

Regards,

Belinda Duffield
