Dear LEGCO,

The thought of having to kill elephants to have ivory jewellery or ornaments is terrible! Thousands and thousands of elephants are dying because of this situation and they will extinct very soon. So I definitely agree that we should ban ivory.

I support the Hong Kong government's ivory ban, because elephants will become endangered and it will be harder to find them in their natural habitat , see them or even for them to entertain you!

I support the Hong Kong government's proposed increase in penalties for wildlife crime, because if elephants become extinct, there are going to be less animals in the world! There are already hundred of animals being endangered. This is really sad.

I oppose the Hong Kong government paying compensation to the Hong Kong ivory traders for their ivory stocks, because the people who sells the ivory jewellery and ornaments don't deserve it. Because they were being mean and nasty to the elephants!
