Dear Ms.Chan,

I support ivory ban because people are killing elephants and they are almost extinct.

I support the Hong Kong government to proposed increase of the penalties for wildlife crime.

In the WORLD,there are a lot of people that love elephants.So I think that the elephants should live in the wild and not be killed.

Elephants are cute chubby little animals, they should never ever be killed!

I oppose the Hong Kong government paying compensation to the Hong Kong ivory traders for their ivory stocks.
