Dear LEGCO

I support the Hong Kong government's ivory ban.

If you keep killing elephants you are really killing the Earth and elephant's will be endangered too.

I support the Hong Kong government's proposed increase in penalties for wildlife crime.

It is bad when you kill wildlife animals and you are destroying the earth.

I think people who deal in ivory should pay a big fine and go to prison for a long time!!!

Please ban the ivory trade.

Your faithfully,
Taylor Chung
