

HK Ivory Ban

Dear LECGO,

I definitely support the HK government Ivory ban because it is to be outrageous to Mother Nature and the elephants. Their tusks are to be used for their protection (Not human protection!)

I also support the HK government's proposed increase in penalties of wildlife crime because I strongly believe that people would still be trading even after the ban so we should increase the fines and penalty rate.

I oppose the HK government paying compensation to the Hong Kong Ivory Traders for their ivory stocks because if you give them money, it's still a benefit for the Ivory traders and where are you going to put the ivory stocks!?

I really hope this message gets to you and I hope this helps you to make the 'right' decision.

From,

Thomas Zhou
