Subject: Proposed plan for phasing out the local trade in elephant ivory

Dear Chairperson,

I support a complete ban on the import, re-export and trade of all elephant products in Hong Kong because mammoth products should be excellent substitutes for elephant products and the reserve of mammoths is bountiful.

I object to any compensation paid to ivory traders.

I support/ strongly support/ in favour of increased penalties under the Cap. 586 Protection of Endangered Species of Plants and Animals Ordinance.

Yours sincerely

Godfrey Ip
