Hi I would like to submit my views to the Legco Panel for Environmental Affairs

to support these key points to close the current loopholes:

1. Ban the import and re-export of all elephant specimens that are currently permitted in HK.
2. Ban the local trade in ivory.
3. No compensation for ivory traders.
4. Support the increase of penalties under Cap. 586 Protection of Endangered Species of Plants and Animals Ordinance.

I believe the HK government is turning a blind eye to a problem, for purely exploiting commercial gain- Hong Kong's Ivory market clearly affects the world's elephants. Lets shut this down now.  
Thanks

Dr Matthew Murdoch BVSc MRCVS
