To whom it may concern,

When our Grade 2 class found out about the possibility that Hong Kong may delay or even cancel the ban on the ivory trade they decided to take action.

Please read the messages they wrote and see the images they created.

They are waiting to hear about your decision.

Yours sincerely, Diptic Diptic Diptic Diptic Diptic Diptic Diptic Diptic Diptic Diptic Diptic Diptic

Dear Legco,
The people are endangering and killing elephants. Hong Kong people are hurting elephants. Tell the people to throw them to the rubbish, and tell them not to kill any more.
