Employees Compensation Insurance - Reinsurance Coverage for Terrorism

Introduction

At the special meeting of the Legislative Council Panel on Financial Affairs held on 20 December 2001 to discuss the \$10 billion facility to cover terrorism risks in respect of employees compensation (“EC”) insurance, the Administration undertook to provide quarterly reports on –

- (a) operation of the facility;
- (b) updated market situation on availability of reinsurance coverage for terrorism in the EC insurance market; and
- (c) the need to maintain the facility.

The proposed facility was subsequently approved by the Finance Committee on 11 January 2002.

Update

2. The report for the second quarter of 2017 is set out in the following paragraphs.

3. During this quarter, an insurer joined the facility as it was allowed to write EC business. Therefore, the number of participating EC insurers increased from 53 to 54. By the end of June 2017, the Government has received about \$2.04 billion from the charge imposed on the participating insurers since establishment of the facility in January 2002. The facility has not been invoked ever since.

4. The then Office of the Commissioner of Insurance (“OCI”) and the Insurance Authority (“IA”)¹ have obtained confirmation from the

¹ The IA took over the statutory functions of the OCI, including the administrative duties in relation to the facility, on 26 June 2017. The OCI was disbanded on the same date.

insurance industry that reinsurance cover is not available in the market on a treaty arrangement² basis, and the reinsurers operating in Hong Kong are not yet prepared to provide terrorism reinsurance cover for EC business in Hong Kong on a treaty arrangement basis.

5. Given the absence of reinsurance cover for terrorism risks in the local EC insurance market, it is necessary to maintain the facility. We will continue to monitor developments closely and will withdraw this facility once reinsurance capacity has returned to the market.

Background

6. The facility was set up to cater for terrorism risks in respect of EC insurance, thereby ensuring that protection is rendered to employees. With the facility, insurers will be willing to underwrite work-related death or injury caused by terrorist activities, so as to ensure that employees can get the relevant insurance coverage. Participation in the facility is voluntary. Insurers who decide not to participate in the facility but nonetheless wish to underwrite EC policies have to demonstrate to the OCI that they are able to secure alternative cover, while those participating in the facility are required to pay to the Government a charge pitched at 3% of the gross premium of EC policies they underwrite in Hong Kong.
