Ms. Doris Lo
Clerk to Panel on Transport
Legislative Council
Legislative Council Complex
1 Legislative Council Road
Central, Hong Kong

Dear Ms. Lo,

**Legislative Council Panel on Transport
2017 Fare Revision for Airport Express**

When the Legislative Council Panel on Transport discussed the captioned matter at the meeting on 21 April 2017, a Member enquired about the adjustment of car park fees in the Hong Kong International Airport (HKIA). We hereby provide supplementary information on this matter.

Currently, there are six public car parks providing a total of around 4000 parking spaces in HKIA. Four car parks mainly used by the travelling public are close to the passenger terminals, while the other two serve mainly for AsiaWorld-Expo event parking and the cargo area respectively.

Under the Road Traffic (Parking) Regulations and the Airport

Authority Bylaw, the car park fees in HKIA shall be determined from time to time by the Airport Authority Hong Kong (AA). According to AA, in determining the new car park fees, factors including land supply and development, environmental factors, latest development of HKIA, car park fees in urban areas and public transport fares will be taken into account. AA will introduce new car park fees on 15 June 2017, details of which can be found on the HKIA website: http://www.hongkongairport.com/leaflet/carpark_chargesnotice.pdf. The car park fees were last adjusted in 2012.
