LC Paper No. CB(2)1268/17-18(14)

12 April 2018

Dear Chairman of Committee,

I am Mohammad Kamran is the chairman of Rapport Action Community Development (RACD). As a Chairman of RACD, I would like to share the following points to the committee.

- People should support the national song legislation since national anthem represent a country culture and reputation.
- We live in Hong Kong, so we should support and respect national song anthem since we as audience representing Hong Kong image on national television and the people around the world is watching.
- National Song is connected to patriotic, so if some people disrespect it that means they are hurting the sentimental of those people.

Yours faithfully,

Mohammad Kamran

Chairman, Rapport Action Community Development
