

教育事務委員會
Panel on Education

議案措辭

本委員會促請政府當局研究以隔年、隨機抽樣、不記名／校方式，進行今年及日後的全港性系統評估／基本能力評估。當局並可研究在不記名／校的前提下，為被抽選或自願參與的學校提供一式兩份試卷，一份讓學校自行參考答題情況，檢視弱項；一份則與其他學校的試卷混合，再交上香港考試及評核局作數據分析，以助政府制定政策，調撥資源。

Wording of the Motion

(Translation)

This Panel urges the Administration to examine the conduct of this year's and future Territory-wide System Assessment/Basic Competency Assessment in alternate years on a random sampling basis and with anonymity of students/schools. The authorities may also examine, on the premise of anonymity of students/schools, the provision of examination papers in duplicate to participating schools on a random sampling or voluntary basis. One copy of the papers is made available to individual schools for them to identify their own weaknesses by making reference to the performance of their students in answering the questions in the examination papers, while the other copy is submitted together with those of other schools to the Hong Kong Examinations and Assessment Authority for data analysis, so as to assist the Government in formulating policies and deploying resources.
