

教育事務委員會
Panel on Education

議案措辭

本委員會促請政府在規劃五十億開支的分佈時，必須考慮對基層學生的支援，例如為基層學童購買電腦及檢討學生資助制度(已逾10年未有檢討)，建議增設恒常課外活動津貼，如每月提供250元資助予領取全額書簿津貼及綜合社會保障援助的學童。

Wording of the Motion

(Translation)

This Panel urges the Government, in planning the distribution of the \$5 billion expenditure, to consider the provision of support for grass-roots students, such as the procurement of computers for grass-roots students, a review of the student financial assistance system which has not been reviewed for over 10 years, the introduction of an extra-curricular activities grant on a recurrent basis by, say, offering a monthly grant of \$250 to students receiving full grant textbook assistance and the Comprehensive Social Security Assistance.
