

交通事務委員會

**在2017年11月17日會議上通過有關"6101TX -
'人人暢道通行'計劃"的議案**

鑑於區議會對「下一階段計劃」十分支持，並已選出45條行人通道推行加建升降機工程，但區議會對這計劃的需求仍然十分殷切，因此，本人促請政府，在區議會每屆任期內繼續推行"人人暢道通行"計劃的「下一階段計劃」，以滿足地區人士對增建無障礙通道設施的訴求。

Panel on Transport

Motion on

**"6101TX – 'Universal Accessibility' Programme"
passed at the meeting on 17 November 2017**

The District Councils ("DCs") are very supportive of the "Next Phase" of the "Universal Accessibility" ("UA") Programme and have selected 45 walkways for implementation of the lift retrofitting works. However, as the demand of DCs for the UA Programme is still very keen, I urge the Government to continue to implement the "Next Phase" of the UA Programme in every DC term so as to meet the aspirations of members of the local communities for installing additional barrier-free access facilities.
