

**Subcommittee on Hospital Authority Ordinance
(Amendment of Schedule 1) Order 2018**

**List of follow-up actions arising from the discussion
at the meeting on 7 March 2018**

The Administration was requested to provide supplementary information to address the following issues raised by members:

- (a) whether medical research studies on the treatment and support services for children suffering from autism and hyperactivity disorder were being conducted by any of the existing paediatric departments of the regional public hospitals under the Hospital Authority and if yes, the details; if not, whether such research studies would be carried out by the Hong Kong Children's Hospital ("HKCH");
- (b) the number of child psychologists to be employed by HKCH for provision of clinical psychology service at the new hospital;
- (c) (i) the standards adopted to assess respectively the air quality inside the HKCH building and the quality of water therein supplied through the water pipes and water supply facilities inside the building and (ii) details of the test/certification reports on the air and water quality inside HKCH issued by accredited laboratories; and
- (d) facilities and procedures for processing sewage water from HKCH (i.e. the treatment system in place) before discharging into the sea.
