

LC Paper No. CB(1)1380/17-18(73)

Clerk to Panel on Development

Legislative Council Secretariat

Legislative Council Complex

1 Legislative Council Road

Central,

Hong Kong.

Dear Sir or Madam

Date: 1st September 2018

I am writing, to express my deepest appreciation to Hong Kong Golf club, and hope that you will consider the retention of the land in Fanling, for the operation of the Hong Kong Golf Club, not only is it a great historical land, which is increasingly decreasing in Hong Kong, and Eventhough we are not a member of the Golf Club, but we too, local community has benefited from the great work and service of the Hong Kong Golf Club.

We are the first and only School in Hong Kong for Children with Autism Spectrum Disorder, and Hong Kong Golf Club, was the first to approach us to offer our students:

-To have individualized training in Golfing, and experienced trainers came to our School and patiently taught our students, allowing our students to be exposed 'Golf' and then extending this experience to actually visiting Fanling grounds during community day.

This is a wonderful inclusive program for the special need community in Hong Kong, not only allowing special need students a chance, but also inviting the parents of our students to partake, they had an opportunity to enjoy a day with their child, to enjoy the beautiful grounds, and see their child's skills in playing a sport, they would never think was possible.

As an educator, it is wonderful to see, Business, Companies, Clubs and Unions, not just take an interest, but actively have services in place to accommodate those not fortunate in Hong Kong, our struggle has been to fighting the medical, health and education system, and it is relief that in the society there are caring establishments, willing to support us and our students, and it will be a real shame, that we now face the possibility that the Special need sector will be slighted and lose another wonder opportunity of enjoyment and normalcy.

With Kind Regards.

Kathleen Man | Principal
