Dear Sir/ Madam,

It is my pleasure to write a letter in support of Hong Kong Golf Club. The Club is not only support the development of golf players in Hong Kong; it also spared their effort in supporting social welfare service. Golf Club supports some social service agencies in the North District to purchase equipments every year. Our elderly home is one of the beneficiaries. Their funding can help us to improve our services and it is a great benefit for the elderly.

During the heat debate on discussing the value of golf club's land, the public should not overlook the club's contribution to social welfare service. I hereby express my opinion on supporting the retention of the land in Fanling for the operation of the Hong King Golf Club.

Regards

Crystal Lei
