Dear Sir/Madam,

Re: Feedback on Task Force on Land Supply Public Consultation Exercise

As Chairman of the Clearwater Bay Golf and Country Club, I'm writing to advise that our members are watching the public consultation exercise being carried out by the Task Force on Land Supply with great interest and concern.

While we take no views on the various options outlined, we write out of concern as a stakeholder to register our strong opposition to any reclamation or "land grab" from the Hong Kong Golf Club or any other recreational facilities.

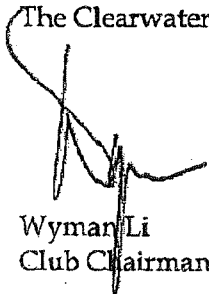

We believe any reclamation would set a bad precedent and cause panic among the members, families, corporates, employees and different community members and destabilize social harmony at a time when Hong Kong ill-afford any further hit to community morale. Furthermore, we believe any such move would also undermine the significant contributions to promote sports and wellness in Hong Kong that recreational clubs strive to provide.

We thank you for considering our views. Should you have any further questions please feel free to contact me.

Yours faithfully

For and on behalf of

The Clearwater Bay Golf and Country Club

Wymar Li
Club Chairman
