**WESTERN HARBOUR CROSSING TOLLS
AND EXTENDS ITS PROMOTION PROGRAMS**

25 May 2018

Western Harbour Tunnel Company Limited (“WHTCL” or “the Company”) announces today the adjustment of its toll concessions and revision of its actual tolls with effect from 27 May 2018. Please refer to the attached toll schedule.

The development cost of Western Harbour Crossing (“WHC”) was HK\$7 billion. Since its inception, WHTCL’s Actual Net Revenue in each financial year had been far below the Minimum Estimated Net Revenue stipulated in the Western Harbour Crossing Ordinance. To meet the increasing costs of operation, the Company needs to adjust the level of its tolls. After the adjustment, the actual tolls are still much below the tolls gazetted under the WHC Ordinance.

The Company also announces the extension of its Midnight Empty Taxi Promotion and Midnight Goods Vehicle Promotion. Both promotions are extended until 31 January 2019 under the existing terms and conditions.

WHT is the largest and the first dual three-lane harbour tunnel in Hong Kong. WHTCL is committed to continuously providing the public with safe, efficient and quality tunnel services.
