Motion on
“Fully transforming into a green and low-carbon smart society
and economy, and proactively alleviating and coping with
global climate change”
to be moved by Hon Martin LIAO
at the Council meeting of 12 December 2018

Wording of the Motion

That given the worsening problem of global climate change and the imminent crisis, this Council urges the SAR Government to cope with climate change more proactively, lead various social sectors and all people to fully transform Hong Kong into a green and low-carbon smart society and economy, and review at an appropriate time and enhance as appropriate Hong Kong’s capabilities to withstand extreme weather and adapt to climate change, with a view to making every endeavour to help alleviate this crisis faced by all mankind, providing Hong Kong people with due protection of their lives and properties, and promoting the sustainable development of the society and economy.
