**Motion debate on
“Examining the amendment of the Protection of the Harbour Ordinance
and implementing the Kwun Tong Typhoon Shelter reclamation works”**

1. Hon Paul TSE’s original motion

That this Council urges the SAR Government to examine and appropriately amend the Protection of the Harbour Ordinance, so as to explore the Kwun Tong Typhoon Shelter reclamation project as a means of increasing short-term land supply and resolving the failure of the cruise terminal to achieve its due economic benefits owing to improper transport planning.

2. Motion as amended by Hon Frankie YICK

That *in response to the strong demand for housing in society and the under-utilization of the cruise terminal*, this Council urges the SAR Government to examine and appropriately amend the Protection of the Harbour Ordinance, so as to explore the Kwun Tong Typhoon Shelter reclamation project as a means of increasing short-term land supply and resolving the failure of the cruise terminal to achieve its due economic benefits owing to improper transport planning; *the existing acute shortage of berthing spaces at typhoon shelters (especially berthing spaces in the Kwun Tong District) has resulted in threats to the lives and properties of marine workers during typhoons and inclement weather, and for this reason, before implementing the Kwun Tong Typhoon Shelter reclamation works, the SAR Government must first provide another typhoon shelter with sufficient berthing spaces, so as to safeguard the lives and properties of marine workers.*

Note: Hon Frankie YICK’s amendment is marked in *bold and italic type*.
