20 February 2019

Room 901, Legislative Council Complex,  
1 Legislative Council Road,  
Central, Hong Kong  
Hon. AU Nok-hin

Dear Hon. AU,

### **Installation of Flag Staffs at 227 Government Building Sites for Flying of National Flags**

**2019-20 CWRF Block Allocations Head 703 Subhead 3101GX(GSC94)**

**(Approved Project Estimate: \$12.065 Million)**

I refer to your letter dated 26 January 2019 to the Administration requesting supplementary information about the captioned project. Please note our consolidated reply as follows:

At present, around 340 government buildings are required by the Government of the Hong Kong Special Administrative Region to display the national flag and regional flag. This project involved a total of 227 government buildings among which 211 were for addition of flag staffs and the remaining 16 for relocation of flag staffs. The list of government buildings involved is at Appendix 1. This project carried out in phases was commenced in 2013 and completed in 2017.

The average construction cost per flag staff is generally as follows:

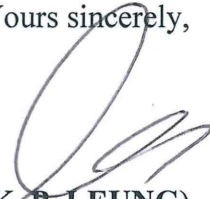

<u>Item</u>	<u>Construction Cost</u>
Flagstaff and installation	\$20,000
Foundation works	\$4,000
Associated making good works	<u>\$6,000</u>
	\$30,000

The construction cost for addition or relocation of flag staffs varied with buildings due to the different existing conditions of the buildings.

The original estimated expenditure of this project in 2018-19 was \$160,000, which covers the payments for project finalization upon works completion. The estimate was revised to \$120,000 based on the progress of project finalization in 2018-19. The remaining project finalization payment will be settled in subsequent financial years.

Should you have any enquiry, please feel free to contact Senior Property Services Manager Mr. CHIU Hon-fai at 2773 2395 or Chief Property Services Manager Mr. Anchor TSE Lap-wa at 2773 2248.

Yours sincerely,

**(K. P. LEUNG)**

for Director of Architectural Services

Encl.
