(*Note*)

Note: The Administration advises that the enforcement policy against unauthorized building works ("UBWs") in NTEHs has been put in place since 2012, and there has been no change in the policy since then. clear definitions in the relevant legislations (such as the Buildings Ordinance (Cap. 123) and the Building Management Ordinance (Cap. 344)) to differentiate "sub-divided units" from "cubicle apartments" and other accommodations.

CB(1)828/15-16(01)). Dr Hon Elizabeth QUAT made the same suggestion on 7 November 2016 (LC Paper No. CB(1)87/16-17(01)).

At the Panel meetings on 18 October 2016, 12 October 2017 and 11 October 2018, Dr Hon Helena WONG, Hon LAU Kwok-fan and Hon CHAN Han-pan urged that the Administration should put forward a concrete timetable for discussing the item with the Panel as soon as possible. In particular, the Administration should accord priorities to reviewing the planning standards in relation to child care services, kindergarten places, caring services for the elderly, public open space and parking spaces. Dr Hon Helena WONG opined that the current piecemeal approach of separately reviewing specific standards and guidelines in HKPSG as and when necessary was not adequate.

Note: The Administration has advised that topical reviews of specific standards and guidelines in the HKPSG are conducted by individual bureaux and departments ("B/Ds") as and when necessary, taking into account the concerned B/Ds' latest relevant policies and development requirements. Examples include the HKPSG standards for whole-day and half-day kindergartens revised in 2018 following the promulgation of the Free Quality Kindergarten Education by the Education Bureau. The Labour and Welfare Bureau will also reinstate the population-based planning ratios in HKPSG for subsidized residential care services and community care services, district elderly community centres and neighbourhood elderly centres as per the recommended standards in the Elderly Services Programme Plan completed in 2017. If Panel members have any question about specific areas of the planning standards and guidelines, the Development Bureau and the Planning Department stand ready to coordinate with the relevant B/Ds to provide specific responses as appropriate.

To be decided
(*Note*)

Panel members also requested that the Administration should provide information about the details of the basis for determining the various fee items under the Town Planning Ordinance, the estimated costs incurred by the Administration in processing various types of planning applications each year, reconsider extending the fee waiver to all applications relating to "public causes", "public purposes" or "public interest" as a matter of policy, and consult Heung Yee Kuk on the fee items applicable to Small House applications.

On 24 November 2014, Dr Hon Kenneth CHAN wrote to the Chairman suggesting that matters related to amendments to the Town Planning Ordinance, functions of the Town Planning Board, the town planning procedure, etc. be discussed by the Panel as soon as possible. The letter and the Administration's responses were circulated to members vide LC Paper Nos. CB(1)299/14-15(01), CB(1)556/14-15(01) and CB(1)764/14-15(01).

At the Panel meeting on 11 October 2018, Hon Tanya CHAN requested an early discussion on this item.

Note: The Administration advises that the Small House Policy review involves complicated issues in aspects such as legal, environment, housing, land use planning and demand on land. While the review is ongoing, the Development Bureau has stated on various occasions that, due to the need for according priority to other more pressing policy issues under its purview, the review is not its priority task for the time being. It is also relevant to note that the Policy is currently the subject of a judicial review.

To be decided
(Note)
