Yau Tsim Mong District Council members considered it important for the Administration to step up regulation of "sub-divided units" and suggested that, to enable the Buildings Department and other law enforcement authorities to take effective enforcement actions against irregularities, the Administration should draw up clear definitions in the relevant legislations (such as the Buildings Ordinance (Cap. 123) and the Building Management Ordinance (Cap. 344)) to differentiate "sub-divided units" from "cubicle apartments" and other accommodations.

To be decided
(Note)

should put forward a concrete timetable for discussing the item with the Panel as soon as possible. In particular, the Administration should accord priorities to reviewing the planning standards in relation to child care services, kindergarten places, caring services for the elderly, public open space and parking spaces. Dr Hon Helena WONG opined that the current piecemeal approach of separately reviewing specific standards and guidelines in HKPSG as and when necessary was not adequate.

Note: The Administration has advised that topical reviews of specific standards and guidelines in the HKPSG are conducted by individual bureaux and departments ("B/Ds") as and when necessary, taking into account the concerned B/Ds' latest relevant policies and development requirements. Examples include the HKPSG standards for whole-day and half-day kindergartens revised in 2018 following the promulgation of the Free Quality Kindergarten Education by the Education Bureau. The Labour and Welfare Bureau will also reinstate the population-based planning ratios in HKPSG for subsidized residential care services and community care services, district elderly community centres and neighbourhood elderly centres as per the recommended standards in the Elderly Services Programme Plan completed in 2017. If Panel members have any question about specific areas of the planning standards and guidelines, the Development Bureau and the Planning Department stand ready to coordinate with the relevant B/Ds to provide specific responses as appropriate.

On 24 November 2014, Dr Hon Kenneth CHAN wrote to the Chairman suggesting that matters related to amendments to the Town Planning Ordinance, functions of the Town Planning Board, the town planning procedure, etc. be discussed by the Panel as soon as possible. At the Panel meeting on 11 October 2018, Hon Tanya CHAN requested an early discussion on this item.

Note: The Administration advises that the Small House Policy review involves complicated issues in aspects such as legal, environment, housing, land use planning and demand on land. While the review is ongoing, the Development Bureau has stated on various occasions that, due to the need for according priority to other more pressing policy issues under its purview, the review is not its priority task for the time being. It is also relevant to note that the Policy is currently the subject of a judicial review.
