Subject: Municipal Solid Waste Scheme

Dear Honorable Legislative Members,

I'm writing to urge you to pass the Municipal Solid Waste Scheme to encourage Hong Kong citizens and businesses to change their behavior in regards to the catastrophic plastic pollution problem in Hong Kong.

Hong Kong plastic pollution has hit a crisis level with only a small minority of the 6 million plastic bottles consumed per day recycled.

Hong Kong recycling infrastructure and recycling habits is woefully inadequate.

We all must take action TODAY to ensure a clean and healthy environment for our children.

Thanks
