

Panel on Environmental Affairs**List of follow-up actions**

(position as at 21 May 2019)

Subject	Date of meeting	Follow-up action required	Administration's response
1. Promoting the use of electric vehicles	28.1.2019	<p>The Administration to provide information as follows:</p> <p>(a) examples of the green transport technologies for commercial vehicles that were tested out under the Pilot Green Transport Fund and found to be suitable for adoption locally;</p> <p>(b) of the 4 788 old private cars ("PCs") that met the requirements of the "One-for-One Replacement" Scheme and were de-registered after being scrapped from February to December 2018, how many owners concerned have bought a new petrol/diesel PC to replace the old one;</p> <p>(c) whether the Administration has studied the reasons why the PC owners referred to in (b) above have not chosen electric PCs for replacing their old PCs despite the first registration tax concession offered during the period, and if yes, the findings; and</p> <p>(d) a list of issues considered by the Steering Committee on the Promotion of Electric Vehicles since its establishment, and a summary of its deliberations and conclusions (if any) on those issues.</p>	The Administration's written response awaited.

Subject	Date of meeting	Follow-up action required	Administration's response
2. Staffing proposal for taking forward municipal solid waste charging and complementary waste reduction and recycling initiatives	25.2.2019	<p>The Administration to provide the following information before submitting the relevant staffing proposal to the Establishment Subcommittee:</p> <p>(a) the major duties to be undertaken by each of the nine directorate posts proposed to be created/re-created under the Environmental Protection Department ("EPD") and the timetables of those duties, with a view to elaborating the justifications for creating/re-creating the said posts and their proposed durations;</p> <p>(b) the number of non-directorate civil service posts and non-civil service contract posts to be deployed to support each of the nine proposed directorate posts; and</p> <p>(c) examples of cooperation between EPD and other government departments (the Housing Department and Food and Environmental Hygiene Department in particular) on the preparation for or implementation of the proposed municipal solid waste charging and complementary waste reduction and recycling initiatives.</p>	The Chinese and English versions of the Administration's written response were circulated on 29 April and 17 May 2019 respectively, vide LC Paper No. CB(1)974/18-19(02).
3. Review of Air Quality Objectives	25.3.2019	The Administration to provide a written response to the issues raised in the letter dated 26 March 2019 from Hon HUI Chi-fung (LC Paper No. CB(1)796/18-19(01)).	The Administration's written response awaited.

Subject	Date of meeting	Follow-up action required	Administration's response
4. Mid-term review of the Recycling Fund	29.4.2019	The Administration to provide information on the amount of administrative costs incurred arising from the 179 projects funded by the Recycling Fund as at the end of March 2019 (which have commenced or will soon commence), so as to demonstrate whether the administrative costs were proportional to the amount of approved funding of \$152 million for those projects.	The Administration's written response awaited.
