In his letter dated 29 April 2019 (LC Paper No. CB(2)1326/18-19(01)), Hon Andrew WAN suggested discussion of the Government's hawker policy (including the proposed arrangements for re-allocation of vacant hawker pitches and issuance of new hawker licences) under this item in July 2019. Mr WAN's letter has been forwarded to the Administration for consideration. The Administration will brief members on the outcome of the consultation with the District Councils concerned and the finalized arrangements for re-allocating the vacant pitches.

3. Use of veterinary drugs in food animals and cultured fish and surveillance of veterinary drug residues in food and food animals

End of 2018-2019
session

At the meeting on 15 October 2015, concerns were raised about the regulation of animal feed for livestock and cultured fish and the presence of veterinary drug residues, including antibiotics, in meat and aquatic products for human consumption. There was a suggestion that the Panel should discuss the subject matter at a Panel meeting.

On 3 January 2017, the Administration provided the Panel with an information paper on its work plan regarding antimicrobial resistance ("AMR") (LC Paper No. CB(2)519/16-17(01)). At the Panel meeting on 10 January 2017, members considered it necessary for the Administration to explain at a meeting its work plan and progress in tackling the threat of AMR.

In recognition of the major threat posed by AMR to global public health, the Administration has set up a High Level Steering Committee on AMR ("HLSC") to formulate strategies and action plans for tackling AMR in Hong Kong. The Expert Committee on AMR ("Expert Committee") formed under HLSC has made recommendations to HLSC. Taking into account the recommendations of the Expert Committee and the "One Health" framework which apprehends the

correlation among human, animal and environment health and that AMR must be tackled at all three levels, HLSC has formulated a holistic action plan on AMR. On 10 July 2017, the Administration formally launched the Hong Kong Strategy and Action Plan on AMR ("Action Plan") (2017-2022). The issue was discussed by the Panel on Health Services at its meeting on 17 July 2017, and members of this Panel were invited to join the discussion.

On 6 August 2018, the Administration provided a further information paper on the progress of the work on tackling the threat of AMR in food animals by the Agriculture, Fisheries and Conservation Department under the Action Plan (LC Paper No. CB(2)1913/17-18(01)). At the work plan meeting on 1 November 2018, the Administration was requested to update members on the subject by the end of the 2018-2019 session.

4. Issues relating to the management of public markets, the implementation of the Market Modernization Programme and the provision of new markets

Autumn of 2019

The Subcommittee on Issues Relating to Public Markets has completed its work and provided the Panel with a report (LC Paper No. CB(2)1000/18-19), recommending the Panel to follow up with the Administration on various issues relating to the provision of new markets, the implementation of the Market Modernization Programme and the management reform of public markets (paragraphs 49 and 50 of the report refer).
